Volunteer needs

Uniforms and Grooming:

- help students with uniforms such as attaching sash, tartan, glengarry, belt etc.
- make sure uniforms/Tartans are steamed before each performance

Chuckwagon:

provide and coordinate meals, snacks, and drinks during marching band season to students and staff for all competitions (Street and Field).

Seat Covers:

Places and later removes cloth seat covering for bleachers in designated sections at home football games, awards and after field competitions.

Water Person(s):

Filling water jugs and squeeze bottles with water and ice. Water is needed at street and field practices, where the students can fill up from igloo's and /or when they must stand in place water is brought to them in squeeze bottles. At football games, water is needed at the practice field area, the track where guard rehearses, and in the stands. During competitions, water is needed at base camp, and for parades, pulled behind the band in one or more carts.

Truck Driver(s):

Brings instruments and equipment to performances, requires a volunteer form and an additional truck driver form clearance from the district. Generally, requires ownership of a truck and submission of driver's license and proof of insurance. generally using their own trucks, pulling trailers; However, truck drivers have also in the past been permitted to drive a school box truck.

Street Volunteers:

For parade practices on the street, volunteers are needed to help monitor the intersections and hold flags and traffic signs to guide vehicles to detours around the band practice on the street.

Barricades:

Volunteers to set up and monitor street barricades, consisting of steel rails and reflective wood panels, at intersections so students can practice on the street for parade competitions. This requires at least one person with a truck that can pull the barricade trailer.
